(i) Remarks This well was drilled by my predecessors in interest and
such rights as were initiated and held by them are not waived by the
filing of this application. Said well is in the heart of range terri-
tory used for many years prior to 1905 by myself and predecessors in
interest.

DESCRIPTION OF PROPOSED WORKS

Water is pumped from well by a windmill and piped to large galvanized State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits. If water iron troughs.

is to be stored in reservoirs, it should be so stated and the location of the reservoir should be given with reference to the legal subdivisions.

5. Estimated cost of works \$500.00

6. Estimated time required to construct works already completed

7. Remarks Owing to ruling to the effect that the water law does not provide a means for the State Engineer to determine vested rights for stockwatering purposes, this application has been filed as the simplest and most convenient means of perfecting record title and right to the use of water from the source named herein.
